INFORMED CONSENT TO NATUROPATHIC CARE

Naturopathic Medicine is the treatment and prevention of diseases by natural means. Naturopathic Doctors (ND's) assess the whole person by taking into consideration the physical, mental and emotional aspects of the individual. Gentle, non-invasive techniques are generally used in order to promote healing. ND's use a variety of therapeutic approaches, either alone, or in combination. These approaches include nutritional and lifestyle counselling, nutritional supplementation, Traditional Chinese Medicine (TCM) and acupuncture, botanical medicine, homeopathy, hydrotherapy and physical medicine. Your ND will take a thorough health history, perform screening physical examinations and request laboratory testing when necessary.

It is very important that you inform your ND of any disease you are suffering from, any known allergies you have, and any medications or over-the-counter drugs you are currently taking. Please advise your ND if you are pregnant, suspect you are pregnant, or if you are breastfeeding. As a patient, you will receive information about your diagnosis, your treatment, and alternative courses of action. You will also be advised of the material effects, costs, expected benefits, risks, side effects, and consequences of not acting upon your diagnosis or treatment.

There are some slight health risks associated with acupuncture. These include but are not limited to:

- Pain, bruising or injury from acupuncture or moxa
- Vasovagal response (feeling faint or dizzy)
- Organ puncture (with deep needling)
- Aggravation of pre-existing symptoms

STATEMENT OF ACKNOWLEDGEMENT

I, _____ (please print name) understand that the form of medical care I will be receiving is based on Naturopathic principles and practices. I hereby acknowledge that I have been informed and understand the recommended diagnostic and therapeutic procedure(s)/plan and have discussed them with my ND to my satisfaction. I also recognize that even the gentlest forms of therapies have potential side effects and I release my ND from any responsibility or side effects. I acknowledge and confirm I have been informed of the diagnostic/therapeutic procedures with respect to potential risks and side effects, expected benefits, financial costs and the likely consequences of not having/following the provided recommendations and what alternative course(s) of action are available to me. I understand that this record will be kept confidential and will not be released to others unless so directed by myself or unless required by law. If seeing more than one practitioner at Waterdown Village Chiropractic and Wellness Group, I imply consent for them to share and discuss my file as deemed necessary by the practitioners to ensure that I receive the most appropriate care for my condition.

I also acknowledge that:

1. Any treatment or advice provided to me as a patient of Naturopathic Medicine is not mutually exclusive of any treatment or advice that I may now be receiving or may in the future receive from another licensed health care provider.
2. I am at liberty to seek or continue medical care from a physician, surgeon, or other health care provider qualified to practice in Ontario.
3. My ND has not suggested or recommended to me to refrain from seeking or following the advice of another licensed health care provider.
4. The treatment and therapies rendered or recommended by my ND may be different from those usually offered by a medical doctor or other licensed health care provider.
5. I acknowledge that full payment is required at the time services are provided or supplements are purchased.
